

Water and the Oil

By Scott Wilcox © 10/22/2016

G D Em
They call us thugs and instigators
G D Em
But we're your friends, family and neighbors
D
But we just can't stand by
C G
While they poison the water and sky
D
How could we not have tried?
C G Em/D
We hear our babies cry – they say; Why?

C D G Em
I'm standing here on the front line of the pipeline
C D G/Em
Making a stand on sacred soil
C D G Em
Brothers and sisters drawing a hard line, a clear sign
C D G
Between the water and the oil.

G D Em
They think we're weak and we will fall
G D Em
We stand by the rock in Cannon Ball
D
So we're standing arm in arm
C G
To protect your fields and farms
D
You know if they get their way
C G D
We won't have water one day – but not today...
