

Big Dreams Despite Her Size

Written by Scott Wilcox (Capo 3rd Fret, Picked)

G **C** **D**
She carries big dreams despite her size
G **Em** **D**
More than we may ever realize
Em **C** **D** **Em**
So shy and Innocent she's only just begun
C **D**
To find her way in the world today,
G **C**
for her first day in the sun
C **D** **Em**
You can see the love in a baby's eyes
C **D** **G**
She carries big dreams despite her size

G **C** **D**
Where will we see her go from here
G **Em** **D**
How will she grow in just one year
Em **C** **D** **Em**
How fast the time goes by for momma's little girl
C **D** **G** **C**
She takes it day by day exploring her new world
C **D** **Em**
You can see the love in a baby's eyes

C **D** **Em**
When you reach down to hold her hand
C **D** **Em**
You say someday she'll understand
C **D** **G** **C**
Why is it grass is green and blueness fills the sky
C **D** **Em**
She carries big dreams despite her size
C **D** **G**
You can feel the love in a baby's eyes

Em **C** **D** **Em**
So strong and innocent, someday she'll ask you why
C **D**
Why do we grow so tall?
G **C**
Perhaps to reach the sky
C **D** **Em**
We could learn so much from a baby's eyes
C **D** **G**
She carries big dreams despite her size
