

Baby It's Me

Written by Scott Wilcox © 5/13/2017

G D Em C
When I left you I could see it in your eyes, it's so hard to let go

G D Em C
I know I need to drive to pay the bills, on the open road

Am D
And I can't bear the thought of leaving you

Am D
But when I get back home I'll say to you

CHORUS

G D Em C G
Baby its me, I'm finally coming home, After two weeks on the road, to my delight

G D Em C G
Baby it's me, I can't wait to see your eyes, I hope that you're surprised, that I'm home tonight.

G D Em C
Wisconsin, Illinois, and Iowa, I met them all today.

G D Em C
I love the people and the tiny little towns you see along the way

Am D
And in every town the music plays

Am D
I think of you, and the day I say...

CHORUS

G D Em C
St. Louis, Little Rock, and New Orleans, they're so musical

G D Em C
I wish you could be here to see their smiles, it's so beautiful

Am D
Through Mobile and Nashville Tennessee

Am D
I can feel you growing closer to me

BRIDGE

Em
Many Cities and Many miles

C
I only stay a little while

G
Though the bears and the crocodiles

D
To see your smile

CHORUS

G D Em C G
Baby its me, I'm finally coming home, After two weeks on the road, to my delight

G D Em C G
Baby it's me, I can't wait to see your eyes, I hope that you're surprised, that I'm home tonight.
