

A Warm Rain – By Scott Wilcox © 6/9/2017

G D Em
I remember how a love felt passion like a wildfire
 C G
With a deep desire; One that never tired
G D Em
I remember how your lips taste sweeter than a candy cane
 C G
Sweeter than Champaign, again and again
C D Em Cm
I remember how I saw you standing in a warm rain, The memory still remains

CHORUS

G D Em C
The First time I felt alive was in the warm summer rain of 1985
G D C
I saw you standing at the 5 and dime for first time
G D Em C
I remember I was seventeen and you were beautiful, A teenaged beauty queen
G D C
To someone else it was a normal scene, but not in my eyes
Cm G/D/Em/C
So Beautiful – In that Warm Rain

G D Em
I remember when emotions swept over like a hurricane
 C G
Blue eyes like rain, They drove me insane
G D Em
I remember how that summer went faster than a bullet train
 C G
Though the memories fade, Your heart remains
C D Em Cm
I remember how I left you standing in a warm rain, The memory still remains

CHORUS

BRIDGE

Am D G
As I look back and remember the tears of That Childhood crush
 Em Cm
It's been 20 years – but my memory is clear.
