

# Quicksand

Words and Music Written By: Maya Pietrzak

Just imagine what it would be like  
If we went on a drive every moonlight  
Watched the night light up with energy  
We'll sneak away from all of humanity

Sweep me away deep into your lure  
And jumpstart me into a different world  
You make me feel you're more than distraction  
We've got a magnetic attraction

Caught with one look you're quicksand  
I'm sinking in, take my hand  
Pull me back to earth and make me understand  
How it feels to trust in love again

Hoppin' freight trains down by the city  
Star shows at the observatory  
Sneaking up at night to rooftop clubs  
You're too good to not be true my love

Young and hungry for adventure  
Each year I'll look back and I'll remember  
Those late night talks, heavy passion  
We've got a magnetic attraction

Caught with one look you're quicksand  
I'm sinking in, take my hand  
Pull me back to earth and make me understand  
How it feels to trust in love again

Begged the universe don't torture me  
I'm a thread barely hanging on  
Told myself that I'd rather be

Alone and free, but here you are

Caught with one look you're quicksand

I'm sinking in, take my hand

Pull me back to earth and make me understand

How it feels to trust in love again
