

A Word About My Services

I understand that planning your wedding or special event can be challenging. While your entertainment choice must be *'Just Right'*, it also needs to be budget friendly. From the ceremony to the reception, I'm prepared to tailor the music to provide your desired ambience, including learning that special song or artist if requested in advance.

As a solo musician I can provide quality music for small to medium size events (25 - 250 people), with plenty of variety (a repertoire of over 600 songs). I can also use the added production of backline instrumentation, when appropriate, to achieve the rich sound of a complete band. Please visit Bilbarney.com for audio & video samples.

My rates are flexible and affordable. In most cases, my services begin at approximately \$100* per hour, with a two-hour minimum locally and a three-hour minimum for locations more than 1 hour outside of the Raleigh, NC area. A travel fee for venues great than 50 miles from the North Raleigh area may also come in to play. Services include a state-of-the-art Bose sound system for up to 250 guests and a lapel or handheld wireless microphone for the celebrant if needed.

I also have the capability to expand to a 3-piece ensemble, including a female vocalist and keyboard player. In which case, my services begin at approximately \$200* per hour.

Please feel free to contact me with questions and/or to receive a custom quote. I'm proud to say I have helped to make over 100 weddings a very memorable experience!

Best Wishes for a wonderful wedding, a healthy & happy life!
