

Coronavirus 2019 (COVID-19)

[En español](#)

California is responding to the spread of a respiratory illness caused by a new coronavirus (COVID-19). While investigations to learn more about the virus are ongoing, workers and employers should review their health and safety procedures to help prevent exposure to the virus.

Frequently Asked Questions

Visit Coronavirus 2019 FAQs for answers to specific questions you may have about COVID-19 and what programs and benefits may be available to you.

COVID-19 FAQs

The EDD provides a variety of support services to individuals affected by COVID-19 in California. For faster and more convenient access to those services, we encourage the use of our [online options](#).

Workers

Sick or Quarantined

If you're unable to work due to having or being exposed to COVID-19 (certified by a medical professional), you can [file a Disability Insurance \(DI\) claim](#). DI provides short-term benefit payments to eligible workers who have a full or partial loss of wages due to a non-work-related illness, injury, or pregnancy. Benefit amounts are approximately 60-70 percent of wages (depending on income) and range from \$50-\$1,300 a week.

The [Governor's Executive Order](#) waives the one-week unpaid waiting period, so you can collect DI benefits for the first week you are out of work. If you are eligible, the EDD processes and issues payments within a few weeks of receiving a claim.

For guidance on the disease, visit the [California Department of Public Health website](#).

Caregiving

If you're unable to work because you are caring for an ill or quarantined family member with COVID-19 (certified by a medical professional), you can [file a Paid Family Leave \(PFL\) claim](#). PFL provides up to six weeks of benefit payments to eligible workers who have a full or partial loss of wages because they need time off work to care for a seriously ill family member or to bond with a new child. Benefit amounts are approximately 60-70 percent of wages

(depending on income) and range from \$50-\$1,300 a week. If you are eligible, the EDD processes and issues payments within a few weeks of receiving a claim.

School Closures

If your child's school is closed, and you have to miss work to be there for them, you may be eligible for Unemployment Insurance benefits. Eligibility considerations include if you have no other care options and if you are unable to continue working your normal hours remotely. [File an Unemployment Insurance claim](#) and our EDD representatives will decide if you are eligible.

Reduced Work Hours

If your employer has reduced your hours or shut down operations due to COVID-19, you can [file an Unemployment Insurance \(UI\) claim](#). UI provides partial wage replacement benefit payments to workers who lose their job or have their hours reduced, through no fault of their own. Workers who are temporarily unemployed due to COVID-19 and expected to return to work with their employer within a few weeks are not required to actively seek work each week. However, they must remain able and available and ready to work during their unemployment for each week of benefits claimed and meet all other eligibility criteria. Eligible individuals can receive benefits that range from \$40-\$450 per week.

The [Governor's Executive Order](#) waives the one-week unpaid waiting period, so you can collect UI benefits for the first week you are out of work. If you are eligible, the EDD processes and issues payments within a few weeks of receiving a claim.

Self-Employed

The available benefits are insurance programs. To be eligible, either you or an employer had to make contributions in the past 5 to 18 months. It is possible these contributions were made at a prior job, or if you were misclassified as an independent contractor instead of an employee. We encourage you to apply for the benefit program that is most appropriate for your situation. Visit [Self-Employed/Independent Contractor](#) to learn more.

Employers

Workplace Health and Safety

For information on protecting workers from COVID-19, refer to the [Cal/OSHA Guidance on Coronavirus](#).

Businesses and employers can visit the [Centers for Disease Control and Prevention website](#) for help with planning and responding to COVID-19.

Reduced Work Hours

Employers experiencing a slowdown in their businesses or services as a result of the coronavirus impact on the economy may apply for the UI Work Sharing Program. This program allows employers to seek an alternative to layoffs — retaining their trained employees by reducing their hours and wages that can be partially offset with UI benefits. Workers of employers who are approved to participate in the Work Sharing Program receive the percentage of their weekly UI benefit amount based on the percentage of hours and wages reduced, not to exceed 60 percent.

Visit [Work Sharing Program](#) to learn more about its benefits for employers and employees, and how to apply.

Potential Closure or Layoffs

Employers planning a closure or major layoffs as a result of the coronavirus can get help through the Rapid Response program. Rapid Response teams will meet with you to discuss your needs, help avert potential layoffs, and provide immediate on-site services to assist workers facing job losses. For more information, refer to the [Rapid Response Services for Businesses Fact Sheet \(DE 87144RRB\) \(PDF\)](#) or contact your local [America's Job Center of CaliforniaSM](#).

Tax Assistance

Employers experiencing a hardship as a result of COVID-19 may request up to a 60-day extension of time from the EDD to file their state payroll reports and/or deposit state payroll taxes without penalty or interest. A written request for extension must be received within 60 days from the original delinquent date of the payment or return.

For questions, employers may call the EDD Taxpayer Assistance Center.
