I've been singing since I was three years old. It's in my blood - I am so thrilled to be a professional musician. I've been playing shows around Cleveland and beyond for 7 years, from rock venues, to local festivals, to clubs, to private events and weddings.

Megan Zurkey is available to book solo, duo or full band.

Her sound ranges from pop, rock, country, indie, and everything in between. She plays everything from an eclectic mix of familiar tunes with a personal twist, to original songs. There's something for everyone to enjoy.

"Megan Zurkey is an extremely talented singer and songwriter. She writes songs that come straight from her heart, and she sings them with a ton of passion. She also accompanies herself on guitar and, occasionally, piano. She is a great performer, a wonderful songwriter and a terrific singer..."

- James Henke, Former editor and writer at Rolling Stone Magazine,

"Megan is one of the most down to earth singers I've had the pleasure to meet. She is always so humble and very appreciative of her band, family, and friends - always giving them a shout out when possible."

- Jai McVay, President of Social Media, a division of McVay/Cook & Associate
