Scott MacFeat: Guitar

Guitarist and vocalist Scott MacFeat began playing and singing over thirty years ago. Joining the band Progress in 1980 Scott started his musical journey. Whenever Scott plays it becomes clear that he was influenced early on by great guitarist such as Jeff Beck, Joe Perry, Ritchie Blackmore, Jimmy Page, Steve Howe and George Harrison. 2005, Scott made a big splash in the Lancaster area with the band, Off the Kuff. Off the Kuff quickly got noticed. Unfortunately Scott had to move and Off the Kuff disbanded. Returning to the Lancaster area, Scott hooked up with his friend Dave Mutzabaugh and put together OFF OUR ROCKERS.

Jeff Barringer: Guitar

Jeff Barringer's musical journey is like a lyric from Bryan Adams's Summer of 69. Maybe more Christmas of 66 that's when Jeff got his first guitar and amp. First song was Louie Louie, next came Wipe Out and then the classic "In-A-Gadda-Da-Vida". Jeff hungered for more so in 1967 he began to take guitar lessons from Dale Fryberger and in 1969 joined Emery Frie. Jeff first jammed with now Rocker band mate, Dave Mutzenbaugh in 1973. Later on Jeff bounced around in various bands including Fast Cookies and next the Jetz. Like many "rockers" Jeff took a vacation from music for about fifteen years to raise a family and rebuild a farmhouse. In 1999 music called him back and with the help of friend, Dale Duffy, Jeff joined Phantom Black. A few more years, a few more bands until 2015 when he joined Off Our Rockers.

Dave Mutzabaugh: Drums

Veteran drummer, Dave Mutzabaugh has played in numerous bands over the years including - BitterSuite, Uncle Wiggley, Slapslick, Chickee LaVarr, Pressure, L.A. Rockers, Filthy Rich, Doc Roc and the Nuclear Dogs, The Stephan Nicholas Band, HYT, and now OFF OUR ROCKERS! Listening to Dave play you will hear major influences such as Cork Young (Snake), Ringo Starr (Beatles), Carl Palmer (Emerson, Lake, & Palmer), Bill Bruford (Yes & King Crimson), and Barriemore Barlow (Jethro Tull) all who have shaped Dave into the drummer he is today.

Kim Garner & Mark Johnson Vocals

Vocalist Kim Garner joined in 2019. Kim is from Harrisburg with many years of singing experience. She started with the local rock band Image in 1983. Then in 1984, she had the opportunity to go on the road with the 7-piece showband, Covert Action.

Joining Off Our Rockers in September of 2018, Mark has been singing since he was 14. He has sung in many bands. In the 90's, Mark was a vocalist in the band, Wired along with Scott. Mark's has a wide range adding great vocals to this great band.

Iggy Taylor: Keyboards

Award winning singer, songwriter and musician Iggy Taylor, started playing music at the age of ten. Teaching himself piano/organ and bass guitar, Taylor played in several East Coast cover bands. In 1999 Taylor began writing and performing his own songs. Independently releasing seven CD's, Taylor's music has been featured on local radio. Joining the all original band, "Too Little Time", in 2006, Iggy continued to make a difference through positive lyrics, music and actions. The band's popularity quickly grew as the baby boomer generation found and appreciated the music they created. Iggy joined OFF OUR ROCKERS in September 2015.

Buddy Tomko Bass

Buddy Tomko comes to us straight out of the coal region in Schuylkill County. He got his start in 1967 with Stan and the Capri's and then moved into the psychedelic era with the Livin End and Cheriluv. An achievement with The Livin End was winning a battle of the bands and receiving a recording contract, which of course went nowhere.
