

Pacific Mambo Orchestra

Tech Rider

SMALL BAND *13-14 PIECE

Contact: JIMMY GOINGS jimmy@gfientertainment.com 650-465-8066

STAGING REQUIREMENTS

The stage should be cleared of all debris, swept clean, and damp-mopped before the PMO arrives. The surface of the stage must be smooth and seamless, with no holes, protrusions, or crevices. Certain sections should not be carpeted. This attraction may utilize a few atmospheric set pieces and perhaps a hanging piece or two; 1. MAIN CURTAIN: The main curtain may be used for this performance.

2. DRAPERIES: A full set of legs and borders are needed to completely mask the backstage and over-stage areas.

3. CYCLORAMA: A cyclorama, which must be smooth, seamless, and free of wrinkles, is desirable.

4. SCRIM(S): A black scrim, hung 4 to 6 feet downstage of the cyc is desirable, but not necessary.

5. RISERS AND STEP UNITS: A variety of risers and step units may be needed, including TWO 8' X 8' carpeted risers. All risers and step units must be safely secured. The exact needs will be specified in the Tech Pack, which will be sent closer to the performance date.

6. STAIRS INTO THE AUDIENCE: Stairs from the front of the stage into the audience area are required.

7. MUSIC STANDS AND STAND LIGHTS: Some music stands and stand lights may be needed; exact needs will be specified in the Tech Pack. **PLEASE CONFIRM STANDS AND LIGHTS ARE AVAILABLE OR NOT AVAILABLE**

8. STOOLS AND CHAIRS: Stools and chairs on stage may be needed; exact needs will be specific in the Tech Pack. Please have a number of chairs in the wings backstage available for the Artists. **PLEASE ADVANCE WITH JIMMY GOINGS**

9. HEADSET COMMUNICATION: A "Clear Com-type" intercom system is required for all working positions. This usually requires 6 to 8 stations. The exact number and locations will be specified in the Tech Pack that will be sent closer to the performance date.

PAGE 2

10. DEALING WITH AN ORCHESTRA PIT AND/OR A LARGE THRUST: If there is an adjustable orchestra pit, it should be lowered to auditorium level and seated whenever possible. If the pit cannot be seated it should generally be raised to stage level and treated as a thrust stage, with the performers working right down to the lip of the pit, as close to the audience as possible.

ADDITIONAL TECHINAL REQUIREMENTS

PERSONNEL: A minimum of two (2) audio engineers are required: one (1) A-1 front-of-house sound engineer from the venue to assist the PMO's sound engineer, and one (1) monitor engineer/stage audio.

POWER: Presenter will provide on-stage power distribution for band equipment. Presenter is responsible for mains hook-up and power.

SCHEDULE: All sound equipment must be wired, fired, and tested (including wiring and checking all microphones) prior to the PMO's arrival, typically seven to eight (5-8) hours before curtain. PMO staff arrives to set backline, fine focus and tweak sound.

SOUND CHECK: The sound check is usually scheduled for two (2) hours before the start of the show and is not open to audience members, students, donors, sponsors or members of the press without the prior consent of PMO. The sound check may not be recorded in any way.

WARDROBE REQUIREMENTS: One (1) wardrobe person is required prior to sound check (typically 2 to 3 hours before the show) for pressing and steaming the PMO's on-stage wardrobe. One (1) room should be available for the wardrobe personnel equipped with a professional steamer, iron, large ironing board, and a sewing kit for mending. It is desirable, but not necessary for this room to be equipped with a washing machine and dryer. Same day dry cleaning

LIGHTING REQUIREMENTS

PAGE 7

Professional technical Lighting Director must be provided by Venue.

Professional Theater lighting grid with a minimum of 56 instruments capable of providing FOUR special Scenes, separate Front Wash with color, up to TWO Follow Spot operators upon request. Smoke machine to enhance effect of lighting scenes may be requested.

HOSPITALITY REQUIREMENTS

HOTEL REQUIREMENTS: The Pacific Mambo Orchestra requires three (5) single occupancy rooms plus eight (8) double occupancy rooms. The hotel should be at least a 4-star rating, including in-house dining facilities with 24-hour room service, in-house bar/lounge, bellman service, fitness center and complimentary breakfast.

DRESSING ROOM AND HOSPITALITY REQUIREMENTS: Five (5) star dressing rooms large enough to accommodate three (3) Artists (Pacific Mambo Orchestra) and one (1) production office with a telephone, printer and internet access are required for this attraction. These dressing rooms should be properly cleaned before the PMO's arrival, smoke-free, temperature-controlled, under lock control, should be inaccessible to the public during the performance and should be equipped with:

- 1- Five (3) black cloth hand and (2) bath towels and soap for each performer
- 2- lighted make-up mirrors with chairs
- 3- tables or counter space for make-up and catering
- 4- costume racks with hangers
- 5- full-length mirrors
- 6- private lavatory facilities
- 7- power outlets for curling irons, CD players, hair dryers, etc.
- 8- a comfortable couch or chair
- 9-4 CASES bottled non-carbonated water with glasses or paper cups ,

CATERING REQUIREMENTS (one hot meal to be provided the day / night of the show)

The meals must be placed in a common area near the dressing rooms according to the production schedule advanced by the PMO, typically 5:30 p.m. for an 8:00 p.m. show. Please be sure there is an adequate supply of ice. It is also important to provide an individual ice container for clean ice, which will be used for keeping the individual drinks cold while eating at the table. Glasses, mugs, plates, bowls, flatware, and napkins are also required. Your efforts to provide real dishes (as opposed to plastic ware) are much appreciated. Please do not forget to

provide a large trash bin and a few bussing trays for dirty dishes. It is very helpful if the caterer or someone on staff is available in the catering room during the meals.

PAGE 8

Beverages available all day (replenished as needed) from load-in through load-out, approximately 2:00 p.m. to midnight for an 8:00 p.m. show:

- Hot coffee (regular and decaf with milk, cream, sugar and sugarless sweetener)
- Tea assortment with hot water, in an electric pot or on a hot plate, with honey and lemon
- Assorted diet and regular soft drinks (Coke, Diet Coke, Sprite, Club Soda, etc)
- Assorted fresh fruit and vegetable juices (including coconut water)
- Three (3) cases of bottled spring water - some chilled and some at room temperature
- Two (2) large bottles of sparkling water (San Pellegrino, etc.) and lime wedges
- 2% milk and organic soy milk
- Plenty of cups, plenty of ice

Dinner meal to be served per production schedule and to remain available through load-out. This meal should include the following and be in adequate amounts for approximately twenty-five (25) people:

Appetizer

- A raw vegetable platter with dip
- A hot soup
- A vegetarian lettuce salad with at least two (2) dressing choices

Entrée

- One (1) meat (chicken, beef, pork, or fish)
- One (1) starch (potatoes, rice or pasta)
- One (1) vegetarian dish
- Two (2) hot vegetables

One (1) case of premium beer (Heineken or local micro brew)

Four (4) bottles of wine (two [2] red, two [2] white)

Dessert - A fresh fruit basket with whole fruit (apples, oranges, grapes, bananas, etc.) plus cake, pie or cookies.

Condiments - Salt, pepper, Tabasco, another hot sauce that is not Tabasco, and any other

PAGE 8

condiments appropriate to the meal.

Containers - Please provide to-go boxes or plastic plates
