VACCINE COURT – PROGRAM BACKGROUND

<http://tinyurl.com/Vaccine-Court-Purpose>

The National Vaccine Injury Compensation Program (VICP) is an innovative federal no-fault program enacted in 1986 (and since amended), which was designed to resolve a perceived crisis in vaccine tort liability claims that threatened the continued availability of childhood vaccines nationwide. In mandating that vaccine injury claims be considered first under VICP, the statute was intended to reduce lawsuits against physicians and manufacturers, while providing those claiming vaccine injuries a reduced burden of proof. Claimants under the VICP need not prove negligence, failure to warn, or other tort causes of action; they must only prove that a covered vaccine caused injury.

LETTER TO POPE FRANCIS VACCINES – CARTA AL PAPA VACUNAS

<https://tinyurl.com/Carta-Al-Papa-Sobre-Vacunas>

I challenge Dorit Reiss to disprove any of the statements I make in my Analysis of Vaccine Safety Claims flowcharts, which proves that vaccines have never been proven to be safe, are in fact causing disease, and that the vaccine manufacturers, including their spokespersons, like Dorit, are committing fraud and are therefore involved in Crimes Against Humanity. I am open to any forum for the discussion. Here is the link: <https://tinyurl.com/Vaccine-Flowchart-Summary>. And thank you for your objective comments Orac. Pastor Ricardo Beas
