

3. Déjà Vu

There's a good chance of heartache in the forecast
There's a good chance tears are gonna fall
Heard your back in town
Now there's rumours going round
Right back where we started
Me & you

Déjà vu, how can I forget
Déjà vu, I know I'll regret this
Every time you knock I let you in
Here I go again
Déjà vu

I remember sweet talk in the morning
I remember hot summer nights
The city called your name
Bright lights were to blame
Here you come again
Déjà vu

Déjà vu, how can I forget
Déjà vu, I know I'll regret this
Every time you knock I let you in
Here I go again
Déjà vu

Everybody tells me girl you play with fire
I just smile & say you're preaching to the choir
Then you walk in, I'm gone again

Déjà vu, how can I forget
Déjà vu, I know I'll regret this
Every time you knock I let you in
Here I go again
Déjà vu x2

Déjà vu x 4
