

## 1. A SIMPLE LIFE

If I was a willow tree  
And the north wind blew through me  
I'd sway and rustle, bend never break  
Deep deep roots to hold me steady  
When trouble comes I'd be ready  
Rooted but not bound I'd stand my ground

A simple life  
Simple pleasures  
Natures treasures all around me  
A simple life is all I need  
A simple life is all I need

If I was a sandhill crane  
I'd fly above the wind & rain  
Settle with the dusk, celebrate the dawn  
I'd mate for life & never stray  
Count my blessings every day  
Connected never tied flying side by side

A simple life  
Simple pleasures  
Natures treasures all around me  
A simple life is all I need  
A simple life is all I need

I'm not a bird  
I'm not a tree  
The way I live is up to me

A simple life  
Simple pleasures  
Natures treasures all around me  
A simple life is all I need  
A simple life is all I need
