

VICTORIA'S SECRET

Words and Music
By Hal Bruni

Key of D

Verse 1

Vicki was a tomboy who hung around with us
Worked on cars and played guitar
She'd even drink and cuss
Never paid her much attention
She was just one of the guys
'Til I gave her a ride home one night
And she gave me a surprise

Chorus

Now I know Victoria's secret
Even though she hides it so well
Yeah, I know Victoria's secret
But I swear, I'll never tell

Verse 2

I guess I'll never know if she planned it
Or just why she ever chose me
But she showed me things that night
That only a grown man should see

Chorus

Bridge

Never could I have imagined

In my wildest dreams

The treasure she had hidden

Underneath those faded jeans

Chorus
