

Health care costs are sky high and especially hard on self-employed working people. Most musicians fall into this category. Even those who have other income may rely on the income from part time music careers in order to make ends meet.

The Southern Adirondack Musicians Fund is a not for profit (501 C 3) corporation dedicated to providing emergency financial assistance to musicians and their families who are facing serious, catastrophic health issues, injuries and death. A volunteer and locally oriented charity (serving Saratoga, Washington and Warren Counties), the S.A.M Fund's mission is to keep the "wolf from the door" for those in need.

Our area is richer by far because of the incredible amount of talented musicians and artists who make their home here. **Please help support them by supporting The Southern Adirondack Musicians Fund.**
