

THIS IS

© 2001 by Heather Pierson

This is my life, and this is my dream
This is my heart, and this is my hope
This is my soul, and this is my song
May we find each other in love

This is your life, and this is your dream
This is your heart, and this is your hope
This is your soul, and this is your song
May we find each other in joy

These are our lives, and these are our dreams
These are our hearts, and these are our hopes
These are our souls, and these are our songs
May we find each other in peace

May we find ourselves in peace
