To Whom It May Concern:

It is with great pleasure that I write this letter of endorsement for the Read and Roll Band. Mr. Peter Menta and his band presented two school assemblies for our building. The first program was for preschool students and kindergarten students. The second program was for first and second grade student.

Both assemblies were well organized. The first and second grade program touched on themes of friendship and empathy. Skills we are working on in our school. The preschool/kindergarten program connected with literacy and the book Abiyoyo by Pete Seeger. Students were active participants in the program. Whether it was during the “call & response” or actually playing instruments such as the washboard or kazoo; students had a blast! Adults enjoyed it as well.

I would highly recommend the Read and Roll Band to other school districts. The music and lyrics had everyone foot tapping and finger snapping to the beat. A good time was had by all! They were a big hit at our school and I look forward to a return engagement.

Sincerely,

Victoria A. Reed  
Principal
