## Verse 1:

You are my angel sing to heaven  
I can't wait for you to sing to me  
You'll sing to me  
Fly my angel, my pretty angel  
Let your light shine for everyone to see  
Yes, they'll see  
Before you fly away, I have to say....

## Verse 2 :

Fly my Angel, my little Angel  
I can't wait for you to fly to me  
You'll fly to me  
Come my Angel, my little Angel  
Let your love shine for everyone to see  
Ah yes they'll see  
Every time you go away, A part of you will stay  
Every time you go away, I know you will stay

## Bridge :

*I wish I could sing, I wish I could fly  
Way up high into the sky  
If I had wings then I will try  
To be an Angel for awhile*

## Chorus :

Come my Angel, my little Angel  
And Let your love shine for everyone to see  
Ooh yes they'll see  
Every time you fly a part of you will stay  
Every time you go away, I know you'll stay

Fly My Angel.....Fly my Angel  
Fly My Angel.....My Angel fly  
Fly My Angel.....Fly my Angel  
Fly My Angel....flyyyyyyy

# Back to Me

Lyrics by A. Michael, Music by A. Michael  
©2017 7Seas Music Company Pty Ltd

## Verse 1:

There's a place by the park, where the children play  
And their innocence  
Reminded me of her yesterday  
Her smile, her grace, the way that she laughs  
I miss her, she's beautiful  
There must be a path that I can choose, I can choose

## Verse 2:

The park was cold and when it rained  
I was in a play without an actor  
But there's a part of me that wants to get back to  
Her smile, her face, the way that she laughs  
I miss her, she's beautiful  
I want her to walk back to me, back to me

## Chorus :

In my dreams I kiss you softly now  
Brought on by hope of some distant time  
I'm a man and I must keep my vow  
To keep the picture in my mind  
.....I want her to walk back to me.....Please walk back to me

## Verse 3:

The park was cold and it rained  
Like a play without an actor  
And there's still a part of me that wants to get back to  
Her smile, her face  
The way that she laughs  
I miss her, she's beautiful  
There must be a path that I can choose.....I can choose

## Chorus :

I dreamed you kissed me softly now (*Softly Now*)  
Brought on by hope of some distance time (*Ooooooh*)  
Cos I'm a man and I must keep my vow (*Softly Now*)  
To keep the picture in my mind

I want her to walk back to me  
Please walk back to me

# Home

Lyrics by A. Michael, Music by A. Michael  
©2017 7Seas Music Company Pty Ltd

## Verse 1:

Home, is where the sea is calling me  
And memories mean so much to me  
Is this the price of being free

## Verse 2:

And you, your eyes look at me enchantingly  
I don't need to say how much you mean to me  
Your love warms like ageless fire

## Bridge :

And why, do faceless strangers keep on walking by  
Without a word or forgiving smile  
At least the nights will take me home

## Interlude/Instrumental

## Verse 3:

Home is where the sea was calling her  
And memories meant so much to her  
Is this the price of being me

## Bridge :

And why, do faceless strangers just keep on walking by  
Without a word or forgiving smile  
At least the nights will take me home  
I'm so cold, streetlights still seem to call your name  
Nothing will ever be the same  
The Night on fire will keep me warm

## Chorus :

Calling me, home is where the sea is calling me  
Calling me, home is where the sea is calling me  
Calling me, home is where the sea is calling me  
Calling me, home is where the sea is calling me

# I just want to be the One

Lyrics by A. Michael, Music by A. Michael  
©2017 7Seas Music Company Pty Ltd

## Verse 1:

Look into my eyes and what do you see  
The clouds are moving under me  
I've flown the skies and wondered why  
You should believe  
Look into my soul and what do you know  
There's something I can't hide  
I've swam the seas and wondered why  
What does it take to show

## Chorus :

*I just want to be the one, I just want to be the one  
When your love's trying babe, I just wanna be the one  
I just want to be the one, I just want to be the one  
When your love's flying babe, I just wanna be the one*

## Verse 2:

Look into my heart and tell me what do you feel  
I feel it beating so fast  
I've run this land through valleys and sand  
So I can be with you  
Look into my soul, and what do you know  
There's something I can't hide  
I've swam the seas and wondered why  
What does it take to show

## Chorus

## Repeat Chorus

# I'll Be Alright (Loving You)

Lyrics by A. Michael, Music by A. Michael  
©2017 7Seas Music Company Pty Ltd

**Intro :** I'll be alright (loving you )

## **Verse 1:**

To count the stars out late at night  
and watch them fall into the sea  
You keep me warm when I'm feeling so cold  
To be near me when I'm growing old  
And when there comes a day  
mountains fall and rivers dry away  
No summer, autumn or spring  
and rain the clouds no longer bring

## **Chorus :**

I'll be alright loving you  
I'll still be alright loving you  
Days and nights and a lifetime through  
I'll be alright loving you

## **Verse 2:**

To see the waves a misty haze  
As they tumble onto the shore  
You keep me tall when I'm feeling so small  
You hold me up when I'm ready to fall  
And when the beaches crumble to the sea  
the stars go out and there's just you and me  
And when the trees shake their leaves to the ground  
There's no more color sight or sound

## **Chorus**

## **Bridge:**

*And when there comes a day  
Mountains fall and rivers dry away  
No summer, autumn or spring  
And rain the clouds no longer bring*

## **Chorus**

# Just Because you Love Someone

Lyrics by A. Michael, Music by A. Michael  
©2017 7Seas Music Company Pty Ltd

## Verse 1:

There's a cold war coming in my mind  
(A nuclear fuse)  
I've drawn a line for old man time  
(Its kinda new)

The desert wind blows bleak and cold  
(The sun is trying to shine)  
How do I ride through the canyon alone  
(With just you on my mind)

## Chorus :

Just because you love someone (mmmm)  
Doesn't mean they will love you too (Ahhhh)  
Just because you touch someone (ohhhh)  
Doesn't mean they ever want to hold you

## Verse 2:

The wind blowing through your hair  
(Causes shadows in your eyes)  
I'm a hurricane looking down on you  
(But I feel no calm inside )

There's a tsunami, its coming through my mind  
(It's washing everything away)  
I've drawn a line for old man time  
(You know what I want to say..... )

## Chorus :

Just because you love someone  
Doesn't mean they will love you too  
Just because you touch someone  
Doesn't mean they want to hold you  
I want to hold you.....  
Fly, yay yeah

# Lucretia's Eylandt

Lyrics by A. Michael, Music by A. Michael  
©2016 7Seas Music Company Pty Ltd

## Verse 1:

The note that you left was all wet and torn  
Still it gave your reasons for leaving before dawn  
To leave and find help I guess was part of the plan  
May God speed you away from this forsaken land

## Verse 2 :

If only you'd realized the deceit and the lies  
Then maybe you'd see what was to transpire  
Now it's forty long days and forty cold nights  
And still there's no sail or trace of you in sight

## Chorus :

If I were a whale I'd feel no pain  
Cos I'd have the strength to carry the strain  
But I lie awake each night to the cry of the wind  
Knowing nothing can ever be the same again

## Verse 3 :

The sea has turned red from those unable to hide  
The children's screams still chill me deep inside  
But at least peace has come quickly for those too blind to see  
Whereas for me a concubine is all I'll be

## Verse 4 :

And when you returned four moons had gone by  
The traitors you hanged under a cold gray sky  
Our return to Batavia was to force us apart  
Your grief and your sorrow were to break your heart

## Chorus

## Repeat Chorus

# Today's Tomorrow

Lyrics by A. Michael, Music by A. Michael

## Verse 1:

Even if there is no answer  
I still have the right to ask  
Even if the road is narrow  
I still have the right to pass

And if there is no heaven  
There will still come another dawn  
And if there is no tomorrow  
Don't forget what we came here for

## Chorus :

WHEN YESTERDAY, WAS TODAY'S TOMORROW  
WHEN YESTERDAY, WAS TODAY'S TOMORROW

## Verse 3:

Yesterday there's still no reason  
So today I want to ask  
And tomorrow if the doors still closed  
I'm just looking through the glass

And if there is no heaven  
There will still come another dawn  
And if there is no tomorrow  
Don't forget what we came here for

## Chorus

WHEN YESTERDAY, WAS TODAY'S TOMORROW

When I close my eyes (*When I close my Eyes*)  
I see your smile. (*I'll see your smile*)

## **Verse 1:**

From your past you still hide your pain

## **Verse 2 :**

Remember life's a picture, and you're the frame  
Without your love, the colors start to fade

Because everybody loves you so (*Remember Life's and Picture and you're the frame*)  
Everybody loves you so

## **Chorus :**

When I close my eyes (*When I close my Eyes*)  
I see your smile (*I'll see your smile*)

You can let your Anger go  
Because everybody loves you so

Lyrics by A. Michael, Music by A. Michael

## Verse 1 :

There's a picture sitting on my wall  
in my picture is a little girl  
with a smile to bring you to your knees  
and a look that wants to laugh and tease

## Verse 2:

Her eyes follow as I move around  
I feel her laugh but I can hear no sound  
if there's one thing that I wish could be  
is to have my little girl with me

There's no use in grieving for love  
when I can do nothing at all

if there's a stone unturned, you know I'll find it

when I can do nothing at all  
There's no use looking for love  
When my heart is small

# White Lies

Lyrics by A. Michael, Music by A. Michael  
©2017 7Seas Music Company Pty Ltd

## Verse 1:

They were tears I see on your face  
And your cheeks as you were leaving  
There was fear in me  
As my heart knew what your mind was believing

## Verse 2:

Another world another time I will return  
and make you mine forever  
Any love in its prime  
can't survive the test of time without endeavor

## Chorus :

You can tell your white lies  
You can hide behind your smile  
You can dry away your tears  
But you can't take back these years

## Bridge :

What's the use of a heart been led astray  
Now there's a reason for you to take your love away

If every stars a heart that's been torn away  
Then mine shines on and on through every single day

## Chorus

## 2<sup>nd</sup> Chorus :

You can recreate your past, believe it didn't last  
You can run and you can hide, but you can't escape deep inside

You can tell your white lies (*They were tears*)  
You can hide behind your smile (*On your face*)  
You can dry away your tears (*As you were leaving*)  
But you can't take, but you can't take

## 2<sup>nd</sup> Chorus

**Intro :** *Will there be love (will there be love)*

I close my eyes and drift away  
It takes me back to yesterday  
When we were one and one is all  
And being together makes it hard to fall

Even for those who have broken hearts  
When the applause ends and the curtains close  
When we reach out does anybody know

**Interlude/Bass Instrumental Break**

*When the stage is clear will there be love  
And after Jesters' tears will there be love  
When the music fades will there be love  
And from the empty stage will there be love*

Will there be love  
Will there be love, will there be love
