

## **Baby Won't You Let It Go**

Running time: 3:39

From the album "Something To Fall Back On" by Berkley Hart

Written by Joel Rafael

When your problems seem so hard to bear  
When it seems like love's not there  
Fills you with sorrow  
Makes you hope that there's no tomorrow

When you let the pressure rule your day  
All the calmness goes away  
It makes you hurry  
Weakens your faith and makes you worry

Chorus:

Baby won't you let it go  
Don't hang on so tough  
Baby won't you let it go  
Life's not long enough

When your troubles get the upper hand  
Things that we don't understand  
Make life harder  
Complicate problems and make them larger

Love will give us shelter from the storm  
And I'll bring wood to keep us warm  
When days get colder  
Don't carry those burdens up on your shoulder
