

You're Perfect For Me

Calman Hart

You were not where I was looking
I tried to pass you by
But fate knew I was incomplete
So it turned me 'round and opened my eyes

You're perfect for me
You're perfect for me
You're perfect for me
Oh I can see that now

You hear when I don't speak
You know what I can't say
You take me by the hand and lead
When I'm cowardly and going astray

[chorus]

You glide across dark water
You fly above the night
You shine the light of grace and love
When I'm cynical and down on life

[chorus]
