The sheet on my window is too threadbare to keep you away
Can't you see I got nowhere to be today
The night won't let go of my mind
Lay down, lay down sunshine

Day after day, you keep coming back all shiny and new
The whole damn world just keeps turning, no matter what I do
The night won't let go of my mind
Lay down, lay down sunshine

I bury my eyes, I can still feel you looking through my pain
Why must you shine so bright when my head feels like rain
The night's got a hold of my mind
Lay down, lay down sunshine
