

## Something to Fall Back On

Running time: 3:29

From the album "Something To Fall Back On" by Berkley Hart  
Written by Dave Howard & Calman Hart

You've been good to me  
Better than I deserve  
The road is long  
But you hung on around every curve

[Chorus]  
Like an easy chair, like a trampoline  
Like a feather bed, you know what I mean  
When my strength is gone, you give me  
Something to fall back on

You taught me well  
Though the lessons they may hurt sometimes  
I threw up my hands  
But you made me try just one more time

[Chorus]

You show me what I'm made of  
Everything is so brand new  
Ain't nothing to be afraid of  
With you...

I look around  
Sometimes I think it's too late for me  
Then you take my hand  
And you tell me that you're gonna wait for me

[Chorus]
