

I Couldn't Say More

Jeff Berkley

I gotta song in my heart
It's dyin' to get out
Filled with all the secrets
Our love is about

And I got time on my hands
It just won't wash off
I'm sitting here just thinking
How to turn back the clock

I couldn't say more
Than just I love you
I couldn't give more
Than just my heart

Maybe you were too lost
To hear me calling
From the start
And I couldn't say more

Tell me what was I thinking
Forever's a long time
But I swore you'd be with me
For all my life

Did I love you too hard
Did I leave you in doubt
Or is there a hole in your heart
Where the love leaks right out

[Chorus Twice]
