

Let's Go Out Drinkin'

Jeff Berkley, Calman Hart, Eve Selis, Marc Intravaia

Let's go out drinkin' tonight
The channels on the tv
Are usin' up our lives
So call the babysitter
The kids'll be alright
Let's go out drinkin' tonight

Remember how we used to paint the town
Before we had our babies, before we settled down
Sippin' southern whiskey and dancin' all night long
Young and free and easy, crazy dumb and strong

[Chorus]

Let's go out the front door
Sneak around back
You grab a blanket
I'll grab a six pack
We'll lay down together
And stare up at the starlight
Let's go out drinkin' tonight

[Chorus]
