

**Somethin' 'bout this Mt. feeds my soul
Something' 'bout ten thousand ft
Makes me whole
I've been circling the desert and
It takes it's toll
But, Somethin' 'bout this Mt. feeds my soul**

**Somethin' 'bout this Ocean makes me high
Somethin' 'bout the salt and breeze and tugging of the tide
I've been feeling lost and low and my energies run dry
But, Somethin' 'bout this Ocean makes me high**

**Somethin' 'bout this City brings me to my knees
Somethin' 'bout the one way streets and transplanted trees
Awe honey lets get out of town I'm beggin darlin' please
Somethin' 'bout this City brings me to my knees**

**Somethin' 'bout this moment makes me smile
Somethin' 'bout this time together though it's just a while
I will carry all your hearts with me down each and every mile
Somethin' 'bout this moment makes me smile
And, Somethin' 'bout this Mt. feeds my soul**
