

Fleur Des Lis

Jeff Berkley

Just give me one more delta thunderstorm
One more sultry southern mornin'
One more summer afternoon
Lightnin' bugs can't come too soon

Cause' tomorrow I'll be gone
California here I come
Across the Pontchartrain I'll flee
Fare thee well my fleur des lis

Just give me one more southern breeze
One more first kiss with shaky knees
One more walk among the trees
Darlin' you and me, before I leave

[Chorus]

I said goodbye to all my kin
All I need is one more thing

Just give me one more lifetime in these woods
One more storybook childhood
One more small town senior prom
It's all packed up here in this book of songs

[Chorus]
