## DR. AFSHAN NAHEED HASHMI

# The Outbreak of Monstrous Infection

A monstrous infection is spreading worldwide.

Is this a simple infection or a deliberate attempt to ruin the human population or bioterrorism? What is this global infection and who is spreading this? To know that, read this suspense-filled book by an Amazon best-selling and hot #1 new-release author of a previous book called *The Modern Mughal Mentality: New Strategies to Succeed in India and the Global Marketplace*. In the author's second book, a sizzling science-fiction story, a crime is investigated by the FBI in collaboration with the Central Bureau of Investigation (CBI) of India.
