

TANGLEWOOD MARIONETTES • IMPORTANT INFORMATION

Contact info: Anne Schaefer, Manager • W 413-277-9514 • C 508-737-8813 • info@tanglewoodmarionettes.com

ARRIVAL TIME:

- Our puppeteers will be arriving 1½ hours before the first performance. In the case of a public show, the puppeteers will be arriving 2 hours before the first performance.
- They will be driving a white, Ford Transit van pulling a 6' x 12' box trailer.
- The puppeteers will check in upon arrival.

SPACE REQUIREMENTS:

- For the titles *Perseus and Medusa*, *The Dragon King*, *Hansel and Gretel*, and *Cinderella*:
A playing area measuring **16' wide by 14' deep, with an unobstructed ceiling height of at least 12'**.
- For the titles *An Arabian Adventure*, *The Fairy Circus*, and *Sleeping Beauty*:
A playing area measuring **12' wide by 12' deep, with an unobstructed ceiling height of at least 10'**.
- The playing area is to be cleaned and cleared of all objects (scenery, chairs, music stands, etc.)
- The playing area is to be located on the **GROUND FLOOR** (street level). Our equipment is too heavy and too large to negotiate long flights of stairs, and will not fit in a standard passenger elevator. We CAN manage a few steps up into the building or up onto the stage, however.

POWER REQUIREMENTS:

- Two standard electrical outlets, preferably on separate circuits, within 25 feet of the playing area

DEPARTURE TIME:

- The puppeteers will need one hour to strike and load out following the last performance.

PREFERENCES (NOT REQUIRED):

- A playing area on a raised stage
- The ability to achieve a full blackout (complete darkness)

AUDIENCE SEATING:

- If we are set up on a standard raised stage, the audience may be seated either on the floor, or in chairs.
- If we are set up on the floor, we recommend floor seating for the majority of the audience, with any chairs set up around the periphery.

Please don't hesitate to get in touch if you have any questions!
