

## **To Get To Jesus**

It was comfortable and dry... In the boat that stormy night  
When Peter saw the Lord out on the sea  
He said, Lord You're not that far... Let me come to where You are  
And as he stepped out on the boat, he just believed.

Whatever it takes to get to Jesus  
Just one touch would be enough for all I've needed  
So when I hear Him say come... I'm not gonna walk, I'm gonna run  
Right now... to get to Jesus

Maybe you can't see down the road  
And where you've been, God only knows  
And the hope inside your heart has almost died  
Well, friend, I have good news  
He's right here in this room – don't let him pass you by

Whatever it takes to get to Jesus  
Just one touch would be enough for all I needed  
So when I hear Him say come  
I wouldn't walk, I'd run... Right now... to get to Jesus

Oh, that same voice that raised the dead  
When he said, Lazarus come forth  
Is calling you, what will you do... What are you waiting for

Do whatever it takes... get to to Jesus  
Just one touch would be enough for all you've needed  
So when you hear Him say come... I wouldn't walk, I'd run  
Right now... to get to Jesus

Whatever it takes to get to Jesus  
Just one touch would be enough for all you've needed  
So when you hear Him say come... Don't walk  
Get up and run... right now... to get to Jesus  
Right now, right now... to get to Jesus
