

I'll Do Anything

V1: She found a Gideon bible in that cheap hotel.
She read the story about Jesus and the woman at the well.
She found herself inside those pages and wondered how she got so
far gone, So far away from home.

Chorus 1: And she cried I'll do anything, I'll pay any price, do
whatever it takes to make something of my life. If there's a way to
start all over and wipe the slate completely clean, I'll do anything

V2: From the other side of Calvary, God saw us lost.
He looked at you and me, then he looked at the cross.
Oh the price, the sacrifice, it would take
Who would pay, who would go
Then Jesus stepped down from his throne....

Chorus 2: And he said, I'll do anything, I'll pay any price,
Do whatever it takes, To make something of their lives.
I'll make a way to start all over,
And wipe the slate completely clean.
I'll do anything.

Bridge: I'll take up that cross, lay down my life, and go to Calvary
I'll go through hell for three days and come back with the keys...

Chorus 3: I'll do anything, I'll pay any price
I'll do whatever it takes To make something of their lives.
I'll make a way to start all over, and wipe the slate completely clean
I'll do anything.... I'll do anything.
