THE WEDDING SONG

Signs are all pointing straight as an arrow
To that great celebration that's about to take place
All of creation's full of anticipation
Awaiting the moment, we see His face

Chorus:

Have you made yourself ready for the big day that's coming?
Wearing a gown that is whiter than snow?
Better get yourself ready for the Bridegroom is coming
He's gonna marry us and carry us home
He's gonna marry us and carry us home

Oh, He's made the arrangements, that wedding procession
Will soon be descending from heaven on high
Dancing and singing, bells will be ringing
When Jesus returns, He's gonna claim His bride

Repeat Chorus

Bridge:

When we've been there ten thousand years
Bright shining as the sun

Have you made... have you made, made yourself ready?
Wearing a gown that is whiter than snow?
Better get yourself ready for the Bridegroom is coming
He's gonna marry us and carry us home
He's gonna marry us and carry us home
