

## **Take My Life**

You are God of forever... Lord of this moment  
And today is when faith meets destiny  
I have come here with nothing  
But a heart of surrender  
And a longing that brings me to my knees  
Let me leave a mark... I want to make a difference  
I was made for times like these

### CHORUS

Take my life... let it be  
Consecrated... Lord, to Thee  
Take my life... every breath  
Let the sacred... be all that's left  
Lord, most high... take my life

I have come to the crossroads  
Of my will and Your purpose  
And I yield to wherever You may lead  
Knowing Your ways are perfect  
And my steps have been ordered  
Frees me to live courageously

You have left Your mark  
You make all the difference  
And I was made for times like these

### CHORUS

Take my life and let it be... consecrated, Lord, to Thee  
To Thee!

### CHORUS

Lord, most high... take my life
