

All I Can Do Is Pray

V1:

You have a heavy burden

It's so hard to bear.

I cannot imagine how you're feeling.

I cannot find the answers.

Don't know what to say.

All I can do is pray.

Chorus:

I will stand for you down on my knees

I'll cry out for you when I whisper my plea

In Jesus' name I'm doing it all

When all I can do is pray

V2:

You thought that it was over,

The storm you just came through.

Now somehow you're standing in another.

I know that there's a chance that

Words cannot get through

So I make this promise to you.
