

## SAVED BY THE BLOOD

It's seemed my life had ended  
My old heart cannot be mended  
No peace, no joy, no rest could there be found  
In my hopeless condition - I just called the Great Physician  
He saved my soul and He turned my life around

I'm saved by the blood of the Holy Lamb  
I'm not what I was - I'm a brand new man  
I've given up those things that had me bound  
My sin had got the best of me and by His grace, I've been set free  
Cleansed in the flood - saved by the blood

Friend if you are living with your sins yet unforgiven  
Do troubles and frustrations have you bound?  
Let me point you to the Savior  
In His eyes you will find favor  
When before His holy throne you humbly bow

I'm saved by the blood of the Holy Lamb  
I'm not what I was - I'm a brand new man  
I've given up those things that had me bound  
My sin had got the best of me and by His grace, I've been set free  
Cleansed in the flood - saved by the blood

Don't you know I'm cleansed in the flood?  
Saved by the blood!
