

INTRODUCING THE FRISBYS

The Frisbys release their much anticipated new single 'Gretna' on the 1st May 2017 via Dantobaccus Records.

Fronted by twin sisters **Helen and Nicola Frisby**, **The Frisbys** are an alt -country band from South London. With the band drawing comparisons to the likes of **Fleetwood Mac, Joseph and First Aid Kit**, **The Frisbys** have quickly gained a reputation for their striking song writing and stirring harmonies.

The past few years have seen **The Frisbys** support artists including **Husky, Mark Chadwick (The Levellers), Messenger and Eamonn Coyne and Kris Drever (LAU)** in beautiful and established venues such as **Ronnie Scotts Jazz Club, The Borderline, The Natural History Museum and St Pancras Old Church**.

The musical evolution of **The Frisbys** has been a journey that began from the moment the girls could talk.

"We were immersed in music from a very young age," Nicola remembers. "We were always singing together around the house, arranging 60s pop songs into close harmony and fighting over the radio during long car journeys."

Undeniably their **blood harmonies**, blended with their own unique brand of melodic folk, are their ace card; which singles them out as a rare and promising talent.

With the band already receiving support from the likes of **BBC Radio Introducing, Amazing Radio, Chris Country Radio, Team Rock Radio, Folk Radio and Daytrotter**, the band already boasts an impressive collection of fans. This has been further built on with **Vinyl District's** recently naming them as **Artist of the Week** and features in **Prog Magazine, Fatea Magazine Showcase Sessions and Gigwise**.

Following on from the recent success of their previous EP '**The Cause**' and a sell-out EP Launch, **The Frisbys** are excited to announce the release of '**Gretna**' (released on 1st May 2017), the first single to be taken from their third EP '**Lead me to the Water**', which is due for release on 25th September 2017.

***'Glorious and sweetly soulful...there's an effortless symbiotic chemistry at work in all that they do.'* – GIGWISE**

***Beautiful and often otherworldly...it's an Epic EP.'* - THE VINYL DISTRICT**

***'Breath-taking.....'* FOR FOLK'S SAKE**

***'...The Frisbys are a band with real promise...'* - FATEA MAGAZINE**

***'Bloody Brilliant a gorgeous record from start to finish...'* FAME MAGAZINE**

***'...gorgeous folksy sensitivity of Fotheringay, the quiriness of Fiona Apple and the storytelling of 70s singer-songwriters...'* – PROG MAGAZINE**

The Frisbys are excited to announce the release of their new Americana-influenced single ‘*Gretna*’, out on **1st May 2017** via **Dantobaccus Records**.

This will be the first single to be released from **The Frisbys’** third and much anticipated EP ‘*Lead me to the Water*’ (released **25th September 2017**) and provides an exciting glimpse of what is to come from this band on the rise.

Upbeat and playful, ‘*Gretna*’ is **The Frisbys** own unique twist on British country –pop and tells the story of a very young couple who (lured with the ideals and promise of marriage) elope to Gretna Greene, only to find out that married life wasn’t quite what they were promised...
