For more information contact  
Oseana Bratton BSN, RN, CPEN, Pediatric Outreach  
Coordinator 865-541-8673 or ombratton@etch.com.

### Course sponsored by:

East Tennessee Children's Hospital  
A child with an acute illness or injury requires special  
knowledge and skills, and ENA's Emergency Nursing

Pediatric Course (ENPC), the only pediatric emergency nursing course written by pediatric nurse experts, is designed to provide them. Through a combination of a two-day intensive course with expert instructors, hands-on training and practice, and on-line learning, you'll gain the core-level knowledge and skills to care for your smallest patients in the emergency care setting.

**Pre-course Work:** Learning modules are assigned for completion prior to day one. **Attendees will not be able to attend class without first completing these modules.**

**Day 1** (Full day) consists of activities and skills that reinforce content learned in the pre-course material  
**Day 2** (Half day) consists of skills practice and testing. After successfully completing the in-class skills testing and online written examination, you will be granted internationally recognized status as an ENPC Provider for four years.
