

FIDDLEHEAD FERN

intro - D G D G D A D

D G D
fiddlehead fern uncurl unfurl
G D A D
uncurl and reveal your fiddlehead fern

A G D
oh the summer heat is on
A G D
other plants are growing in the dawn
A G
all winter huddled down
A G
it's time to stand up now
A G A
open out and lift your fuzzy friendly fronds

A G D
oh your dancin' in the woods
A G D
up and out and green and feelin' good
A G
enjoy it while you can
A G
cause nature has a plan
A G A
winter comes there will be nothing there where you stood so

solo - Bm F# Bm F# Bm F# G A - intro repeat

A G D
oh now your nap is through
A G D
rise and shine and make yourself brand new
A G
shake away that dream
A G
stand up and be seen
A G A
do that fern like thing that all the other ferns do
