

THE SOFTEST GUITAR ON THE MOON

Dm G
lonely little guitar way up there in space stuck on the surface of the moon
Dm G
how did he get there? how does he sound? who will pluck out his tune?

F C F C
we miss him we love him we hope he'll be coming home soon
Dm G F Fm
the melody that he plays is so small

C A# A Dm C G
'cause he's the softest guitar on the moon someone left him out in orbit
C E7 F Fm C Am F G F Fm
he strums and hums and waits forever if you ever get there let him know

Dm G
covered all up with dust lying on a rock cold but ready to play
Dm G
waiting by a crater waiting until later staring off into space
