

TWINKLE TWINKLE LITTLE STAR

C F C F C G C
twinkle twinkle little star how I wonder what you are
C F C G C F C G
up above the world so high like a diamond in the sky
C F C F C G C
twinkle twinkle little star how I wonder what you are

C F C F C G C
when the traveller in the dark thanks you for your tiny spark
C F C G C F C G
he'd not see which way to go if you did not twinkle so
C F C F C G C
twinkle twinkle little star how I wonder what you are

C F C F C G C
when the blazing sun is gone and the moon is up and on
C F C G C F C G
then you shine your little light what a small and happy sight
C F C F C G C
twinkle twinkle little star how I wonder what you are

Am G F C
in the darkness while I sleep through my window you do peep
Am G F G
for you never shut your eye 'till the sun is in the sky
C F C F C G C
twinkle twinkle little star how I wonder what you are
F C G C F C G C7
how I wonder what you are how I wonder what you are
