### June Rose

Rambling like those hazy days  
Into fragrant summer nights  
I recall a certain garden of delights

### Who knows

Why I'll spend a lazy day just  
Watching roses climb  
Well, the perfume sends me reeling back in time

### And I'm there again

'Neath those pale June skies  
Watching the grass grow  
I know it's cliché  
But the scent of roses hypnotizes  
And I'm with you once more  
On that one perfect day

### Time goes

By so fast, nothing lasts but  
Memories, I suppose  
But with memories so real  
I can feel you here  
June Rose
