

## Cadeau Poodles Puppy Application

\*\*\*\*\*

Please complete and return via email or regular mail. Once your application is approved, a deposit will RSVP a puppy. This deposit is **refundable** in the event the litter does not produce the puppy you are looking for. It is **non refundable** otherwise (ie, you changed your mind, bought another puppy from someone else).

How did you hear about Cadeau Poodles?

\*\*\*\*\*

1. Why do you think the standard poodle is right for you? Do you have a color or sex preference?
2. What is your "perfect dog" like? What sort of lifestyle do you have, ie active, mellow, etc? Do you have a fenced yard? If not, how do you plan to exercise your poodle?
3. Please describe your current or past pets including length of years owned. Is this your first standard poodle? What happened to your past dogs?
4. What experience do you have with training? Do you plan to train you poodle yourself? Have you ever put a title on any of your dogs such as canine good citizen?

5. Do you have a groomer? If so, please include their name and phone # here. If not, do you need a groomer referral or would you like to learn how to groom your poodle yourself?

\*\*\*NOTE:\*\*\* Standard Poodles MUST be groomed regularly.

6. What are your plans for socializing your poodle? How do you plan to housebreak? What is the day time routine going to be? Are other adults in the household on board with getting a new dog? Do you have children? If so, please include their ages. How long will the pup be alone?

7. Do you understand that this is a companion animal sold on a spay/neuter agreement only? Please specify if you would like a pup for hunting, obedience, agility, rally, etc.

8. Do you understand that there are many health problems that plague the standard poodle breed and while your puppy's parents and several generations behind have been tested to ensure they are healthy, it is not always a guarantee that your dog will not get sick. There is no fool proof way to beat Mother Nature, although I have enormously minimized the risk with careful testing and breeding. Do you understand it is your responsibility to properly nourish, exercise, and carefully vaccinate your puppy to my recommendations and guidelines?

9. Please include a veterinarian reference here:

10. Any questions? Call me! I am here for the life of every puppy that I produce. I will be your resource if you let me.
