

# Aaron LaFalce

## Live Music Artist / Songwriter

Folks from Asheville, NC pride themselves on keeping things LOCAL and REAL. Aaron is as local and real as you get. He's from a lower-middle class family with the bohemian tendencies of musical Italian grandparents infused with the charm of Southern hospitality.

His music is an outlet to express the tension of that melting pot background. Drawing on influences from Amos Lee to Billy Joel to Prince to Johnny Cash, Aaron's blend of Soul, Rock, and Pop is scarred by inner city struggles and soothed by down-home mountain life. He's played professionally since age 17 and over the last 16 years has performed over 2,100 gigs.

You can expect Aaron to play solo or with a band. He's opened for artists such as Kevin Kinney & Drivin n Cryin and Gary Jules. Jammed on stage with Cliff Williams (bass player for AC/DC) and Reggie McBride (bass player for Stevie Wonder, Elton John).
