Deadline for enrollment - Wednesday, July 10

Ages 16 and above

Classes to be held at Hammond Regional Arts Center, 217 E. Thomas, Hammond La 70401

In this class, students will construct an apparatus for use in creating photorealistic charcoal drawings. We will discuss composition and value while creating drawings with black and white charcoal on toned paper. Students will learn to choose and scale reference photos to fit specific size canvases and frames. Students will learn the basics of matting and framing, and how to save money in the process. Students can bring their own pictures and mat boards and we will use these as practice. We may take a field trip to learn about where and how to select products.

Most materials included. \$70
