

SECRETS

Verse 1:

I aint searching, for da good in you
Cause you aint worth it, all the evil things you do

I'm gonna leave, I'm moving on
Leave you standing "which-your" secrets
Remember me when I'm gone... yes when I'm gone

Verse 2:

Even in my dreams, you awaken me
With that cold cold feeling, of insecurity
So familiar, this aching in my soul
Leave you standing "which-your" secrets
Remember me when I'm gone... yes when I'm gone

Bridge:

I've had my time to think it over
As your memories they fade
I'll find my happiness tomorrow
Gon' leave on that midnight train

yeah I'll be gone...

SOLO

Verse 3:

Ain't got no worries, don't need no sympathy
I'm feeling better, hope you're listening
Ya done me wrong, so wrong... for so long
Leave you standing "which-your" secrets
Remember me when I'm gone... yes, when I'm gone

Bridge:

I've had my time to think it over
As your memories they fade
I'll find my happiness tomorrow
Gon' leave on that midnight train
