STRING WRITING OR ARRANGING NEEDS?

- String Ensemble arrangements & recordings for Pop, Folk, Jazz or Country Records (Violin, Viola & Cello)
 - Custom String Ensemble adaptations of popular songs (for weddings or other events)
 - Transcriptions / Adaptations for different instrumentations
 - Creative parts written for fiddle or classical players of all levels
-

"Ben Plotnick is my go to-arranger for string quartets and viola ensembles. The writing is inventive and tunes/ solos are shared between all the parts, which makes them outstanding for professional gigging or student use. Ben has an unusual talent for string writing."

IN THE LAST YEAR, I HAVE (among other things):

- Arranged string quartet charts for producers all across the continent, and recorded the violin, viola, and cello (subcontracted) remotely.
- Written 3-part charts for fiddle groups in the bluegrass, swing and folk idioms
- Re-arranged classic tunes and pieces for different instrumentations and groups (everything from pop tunes to Suzuki pieces)
- Arranged popular tunes, folk tunes and Christmas carols for string quartets, for use at weddings and functions
