Lacey was awesome and so much fun this weekend. She came home with two First Place Ribbons, a Second Place ribbon, and two new titles in Jumpers and Fast. Both of her Jumpers runs were clean and fast. She loves to run! I feel like I'm trying to catch a runaway train most of the time, but she really does watch me and does a great job. As for her Standard runs..... I'm now calling her "Leaping Lacey". She just gets so excited and has so much fun. She is such a fun little girl.

8-20-13

I was very proud of Ticket yesterday in derby. He was one of only 3 dogs that took the correct line thru the water to the memory bird in the 3rd series. Unfortunately he got confused on the last series on a very tight, long double and couldn't complete his marks. But he's really showing a lot of progress. Out of 25 starters he was one of only 11 dogs invited back to the last series. We did pick up another senior leg at a hunt test on Saturday. So he now has 3 legs towards his Senior Hunter title! Congratulations Ticket & Carol!!!

Ticket got Senior leg #2 up in Wisconsin on Aug 3rd. The water series was 1st which he did very well. Good thing he had a great water blind, because the land blind wasn't so great, but good enough for another pass! It was held at the Bong Recreation Area southwest of Milwaukee. The day before I ran Ticket in derby near Madison, WI. He had a bad break when he glanced away after I signaled for the birds and he miss marked the memory bird on the 3rd series. He hunted short before working it out and finding the bird, but we didn't get carried to the last series on that trial.

Ticket has been making progress by leaps and bounds this summer, it seems. These derby trials are so challenging. Makes senior marks seem like an after thought. Of course, there are the blinds in senior, which is an ongoing work in progress type project - grin. *Congratulations Ticket & Carol!!!*

Word has it that Ticket & Carol got their first leg towards their SH.

6-29-13 Gibbs received his JH title on 6/29/13 at the Flatcoat Retriever Society's first ever JH/SH hunt test. He is a wonderful boy and we are going to work hard the rest of the summer and hopefully attempt a senior test in the fall! Congratulations Pam & Gibbs!!!

6-8-13 Gibbs earned his 3rd leg towards his JH at the Keystone Retriever Club. Congratulations Pam & Gibbs!!!

Sunflower Custer @ Wichita KS 4-5-13 – 4-8-13

Lori & Forbes – Super excited! Forbes got 2nd place in jww today which earned him his ADHF (Agility Dog Hall of Fame) in GRCA. He was only 1 mistake, all mine of course, from QQ each of the past 3 days. He has also been a tremendous ambassador allowing multiple people, especially

children, love on him in his open crate. One little girl even asked me if he could get an award for being so nice :-))). Love, love, love this dog!

Lori & Tate – Tate now has NFP, NJP, NAP. On a side note: Sunday and Monday were the first time either of us had shown in Open. He earned 1 jumpers and 1 standard Q. What a man!

Debbie & Lacey – Lacey earned her CDX Sunday at the Sunflower Cluster! She is always a little nervous while heeling (not our favorite thing). But when she starts retrieving and jumping she likes to be a little show off. She came up with a finish that made the Judge laugh. She came around and went right through my legs from the back, then stood between my legs, looked up at the Judge and smiled. I told the Judge that I thought I kind of liked that finish! Lacey is such a fun little girl. You never know what she'll do next. Love my little "Wired for Fun!"

Debbie & Lacey – Lacey tried something new at the Sunflower Cluster this year. This girl runs like the wind, so she tried Lure Coursing. She put some sight hounds to shame! I love to watch this girl run! She passed all three times and earned her CA. She had a blast, barking the whole time! At the end she would attack those plastic bags, but she looked a little disappointed that they didn't fight back. She was so cute!

Beth & Ziva – Ziva ran in our wcx test on Wednesday and passed. Then she earned her Cdx title in three straight plus a bonus leg. Good girl, now on to senior and maybe some summer babies!

Dayna & Tryn had a nice weekend. Tryn was running well all weekend and we brought home 3 Q's with one 2nd place in a standard run.

Congratulations to everyone on their accomplishments!

Forbes & I had a great weekend in Garden City, KS qualifying 7/7 with 3 QQs, placing 3rd & two 4ths in std & a 1st place in jww! The judge was Craig Josling & he complimented us at the end of the weekend. I have never felt so united as a team. It was a wonderful experience & one that I will never forget. Congratulations to an awesome team – Lori & Forbes! PERFECT WEEKEND wow!!!

Lacey & Debbie bring home a 3rd place ribbon in Open A. This is their 2nd leg toward their CDX. Congratulations Debbie & Lacey!

Wichita KS March 1-3, 2013

Lacey debuted in agility at the March trial. What an awesome girl! She was so happy to finally get to run. Friday Q'd in FAST. In JWW she had a nice

run except for a knocked bar, well, actually the whole jump went down. I'm pretty sure this was a handler error. Saturday Q'd in FAST again! with plenty of time to spare. In JWW, nice run but no Q. Sunday JWW run was awesome! Lacey missed a pole in the weaves and I didn't notice and redo. But the rest of the run was very pretty! Great first weekend for this little girl. I have no doubt that when her handler gets her act together, Lacey is going to be amazing! Congratulations Debbie & Lacey!!!

Tate & Lori

Starting his agility career at the age of 9. We are taking advantage of the spring weather and getting back into the tracking thing too. I love it when Tate accomplishes something in practice. He is so happy and proud and Susan just beams. He never quits, always staying focused until we "get it."

He cracks Shawn up learning how to track. He tracks to the treat, then turns to look at me, then moves on to the next treat. It is like he is asking, misses, are we tracking treats? This is the most awesome game in the world! He is very food and occasionally finger motivated.

Red on the other hand, tracks to the treat. His nose tells him there is a treat, but he miraculously is usually standing on it with a front paw, so he can't find it.

They are a fun pair!

Eugene OR Feb 23-24, 2013

Last weekend Yuba and I went to our very first dog show to compete in Rally Novice. Yuba did very well and achieved 3 qualifying scores in one weekend so we can now add his first title to his name. He was also in the ribbons (including a first place !) I think I have been bitten by the competition bug ! ( so on to advance and excellent ) I'm used to being tested with my dog for Search and Rescue certifications , but I have never competed with my dog at a dog show. We had a lot of fun , thanks to some great friends who encouraged us at Emerald Dog Obedience Club ! And of course having a fabulous "Wild Pup" thats easy to train made it a wonderful experience ! Congratulations to Marty & Yuba!!!

There is a Triathlon write-up on Crash in the latest GRNews along with a short judge's critique for his 4th place in the Master class of the Gun Dog Sweeps. Ticket has a picture for his 4th place in the puppy stakes of the field trial at the national. There are probably some group shots of them

for the WC/WCX, but I haven't looked that close yet. Maybe some candid... Congratulations to Carol & Crash & Carol & Ticket!!!

Springfield MO Feb Feb 22,25, 2013

Lawrence KS Jan 19-20, 2013

Going into last weekend, Brook just needed a point to earn MACH8. They had earned MACH7 last April, just 9 months ago, so it reall caught us by surprise. In addition to earning MACH8, Brook was able to get it under our favorite judge, Rhonda Crane. It was Brook's 3rd MACH under Rhonda ... how crazy is that.

Brook continues to love doing agility with her daddy (and occasionally her mommy) ... and smiles the entire time she is doing it. She is a dream dog and I'm sure no dog will of ours will possess all of the aspects that are Brook. Late last year she had one of the fastest runs of her career. Her acute body awareness and beautiful jumping have served her well in her first 11 years. Her reward for the day was to fetch training dummies in the field at Janet's. Too bad it wasn't warm enough to thaw real birds.

We are so blessed and forever grateful to Beth for her vision and dedication to the Dance litter ... and our wonderful Brook. Congratulations to Team Nelson & Brook.

Tracer qualified in Standard finishing 2nd in the 20" Masters class. She competed with 61 other dogs in her class. She had the 3rd fastest time overall in the entire class of 181 dogs. Congatulations to Tracer & Jim.
