Direct from the success of their **Little Steven's Underground Garage** "Coolest Song in the World' **The Forty Nineteens** and Kool Kat Musik wish you 'Good Fortune"

To get where you're going, sometimes you have to revisit where you've been. With their latest CD "Good Fortune" the band draws influences from their alternative scene days in Hollywood.

Leadoff track 'And Such and Such' (debuted on Underground Garage shows "**Rodney Bingenheimer and Goldie's Garage.**") reminds you of that random night out that changed your life.

If you cruised the circuit in The San Fernando Valley or anywhere in the USA, 'My Camaro (Have Some Fun)' wants you to put some gas in the tank, get out there, and live a little!

Produced by David Newton and The Forty Nineteens. Mastered by Paul du Gre (**Bruce Springsteen, Los Lobos, X**)

John Pozza: vocals/guitar, Chuck Gorian: guitar, Nick Zeigler: drums/vocals/keys

The band performs regularly with The Alarm, Fleshtones, The Fixx, Gin Blossoms, Robin Zander. This year they performed at **Yankee Stadium** for The Underground Garage Concert Series.

We Wish You "Good Fortune"
