

He's Brought Me This Far

Verse 1

The preacher man was preachin' about
The God that can't fail never has never will
He said if you can find it in the good book
You can count on it His word will prevail
An old man sittin' on the front row
Who had lived for the Lord his whole life
Stood up when the preacher said has God ever failed you
He said no not yet

Chorus

I am standing on the promise
He'll never leave nor forsake me
I'm an overcomer by my testimony
When I start to get discouraged
And wonder if He'll see me through
I look back and remind myself
He's brought me this far

Verse 2

Now I can't tell you that I've never had doubt
When I've seen pain and some cloudy days
But I've learned He doesn't always show me His plan
He doesn't work according to my ways
From yesterday 'til tomorrow
He's the same I know He will guide
Every step He's never failed me got no reason
To think He ever will

Bridge

As a cloud by day He leads me
In the night He's the fire that lights the way
There's not a time He's ever left me
Though I don't deserve it
He's been better than good
He's proven time and again
He won't lie He won't fail
If there's one thing I can count on
I know for sure
