

The Love Song

Verse 1

I've said it every way that I know how
I've penned the words arranged a verse here and there
And I've sung David's psalms
Put melody to Your holy scripture
And I've done my best to express my heart
But my feeble attempt seems so inadequate
I've come full circle only to realize
There's no other way I can say it

Chorus

I'm in love with You
There's no way to explain
This feeling in my heart
Of total adoration
I express my thanks
Give my highest praise
But all the love songs can't begin to say
How much I'm in love with You

Verse 2

This is more than just a feeling but a conscious choice
Knowing who You are and all You've done
How could I begin to walk away
From a love that's beyond what I can give
Loving unto death You've captured me
Now I want nothing more than to return my love
With willing surrender I'm devoted
To spending my days living out these words
