

## He Has Proven Faithful

### Verse 1

It's been confirmed that you are in His will  
You are careful that every step is in accordance with His word  
Yet if the steps of a righteous man are ordered by God  
Why does it seem that every attempt is to no avail  
So you search your heart retrace your steps  
Even wonder if you've missed it all together  
But if your life is in line with the anointing you can rest assured

### Chorus

He who began the work is able to complete it  
He didn't bring you all this way, and ask you to finish on your own  
Through loving wisdom He will refine you and though the fire will be painful  
When you come forth as gold you'll know, He has proven faithful

### Verse 2

You've prayed some things not knowing what they'd cost  
You've said just use me Lord but you must first drink of the cup  
For with a broken and humbled will He can trust you with His work  
So when it seems that every attempt is to no avail  
It's not because you lack He's just proving you  
If you still feel like you've missed it all together  
If your life is in line with the anointing you can rest assured

### Bridge

You've prayed Your will not mine  
Lord order my steps let my life reflect Your Glory  
So trust Him to follow through His word never lies  
Believe He will complete your story  
Don't buy the lies the enemy has tried to tell you  
That somehow you've fallen away  
You're being shaped and molded He's getting you ready  
For a new anointing.
